TWO STORY - 5 BEDROOM, 3 BATH, 1734 SQFT.

The large growing family will enjoy this split level model and appreciate its tremendous value and flexibility. Consider the comfort on the second level with three large Bedrooms including the generous Master Suite complete with Walk-in Closet and private Bath. On the first level, two Bedrooms provide quarters for a senior family member or older children. Take advantage of the view with the “Kilohana” two story design. Efficient, beautiful and large. Indeed this is a “Superior” model.
